Extracurricular Achievements by Our Girl Students

We are thrilled to announce the remarkable achievement of our students in the field of sports. Last year, our college students proudly represented Indira Gandhi University (IGU) in the North Zone Women's Cricket Championship, hosted at Geeta University, Panipat.

Our team members showcased an excellent performance, earning appreciation for their dedication, discipline, and sporting spirit. Their success brought pride and recognition to both the University and our college.

Last year, at the prestigious Indira Gandhi University Annual Youth Festival, our students secured the second position in the Haryanvi Poem competition. This achievement is a testament to their cultural talent and poetic skill.

Furthermore, we are delighted to share that three of our girl students have been selected in the trials for the Haryana State Cricket Team. This is a remarkable accomplishment that highlights their athletic prowess and commitment to sports.

We extend our heartfelt congratulations to all the students for their exemplary performance and wish them the best in all their future endeavors. Their success serves as an inspiration to us all.
